

Fun with Math

Complete by finding the value of each symbol

$$\text{Purple Butterfly} + \text{Purple Butterfly} = ?$$

$$\text{Bee} + \text{Purple Butterfly} = 10$$

$$\text{Bee} + \text{Bee} = 8$$

$$\text{Purple Butterfly} = \underline{\hspace{2cm}}$$

$$\text{Bee} = \underline{\hspace{2cm}}$$

$$\text{Green Butterfly} + \text{Blue Bee} = 8$$

$$\text{Blue Bee} + \text{Blue Bee} = 6$$

$$\text{Green Butterfly} + \text{Green Butterfly} = ?$$

$$\text{Blue Bee} = \underline{\hspace{2cm}}$$

$$\text{Green Butterfly} = \underline{\hspace{2cm}}$$

Answer Key

Complete by finding the value of each symbol

$$\begin{array}{c} 6 \\ \text{butterfly} \end{array} + \begin{array}{c} 6 \\ \text{butterfly} \end{array} = 12$$

$$\begin{array}{c} 4 \\ \text{bee} \end{array} + \begin{array}{c} 6 \\ \text{butterfly} \end{array} = 10$$

$$\begin{array}{c} 4 \\ \text{bee} \end{array} + \begin{array}{c} 4 \\ \text{bee} \end{array} = 8$$

$$\text{butterfly} = 6$$

$$\text{bee} = 4$$

$$\begin{array}{c} 5 \\ \text{butterfly} \end{array} + \begin{array}{c} 3 \\ \text{bee} \end{array} = 8$$

$$\begin{array}{c} 3 \\ \text{bee} \end{array} + \begin{array}{c} 3 \\ \text{bee} \end{array} = 6$$

$$\begin{array}{c} 5 \\ \text{butterfly} \end{array} + \begin{array}{c} 5 \\ \text{butterfly} \end{array} = 10$$

$$\text{bee} = 3$$

$$\text{butterfly} = 5$$
