Answer Key

Complete by finding the value of each symbol

$$\text{Bell}^5 + \text{Lightbulb}^0 = \text{Bell}^5$$

$$10 = \text{Lightbulb}^0 + 10$$

$$\text{Bell}^5 + 9 = 14$$

$$\text{Lightbulb} = \underline{0}$$

$$\text{Bell} = \underline{5}$$

$$\text{Headphones}^{10} + \text{Megaphone}^2 = 12$$

$$\text{Headphones}^{10} + \text{Headphones}^{10} = 20$$

$$\text{Megaphone}^2 + 14 = 16$$

$$\text{Megaphone} = \underline{2}$$

$$\text{Headphones} = \underline{10}$$
