

Fun With Math

Complete by finding the value of each symbol

$$\begin{array}{r} \text{Train} + 6 = \text{Car} \\ \text{Train} + \text{Train} = 10 \\ \text{Car} + \text{Train} = ? \end{array}$$

$$\text{Car} = \underline{\quad}$$

$$\text{Train} = \underline{\quad}$$

$$\begin{array}{r} \text{Umbrella} + \text{Umbrella} = 8 \\ \text{Person} + 1 = 16 \\ ? = \text{Umbrella} + \text{Person} \end{array}$$

$$\text{Umbrella} = \underline{\quad}$$

$$\text{Person} = \underline{\quad}$$

Answer Key

Complete by finding the value of each symbol

$$\begin{array}{r} \text{Train} \text{ (5)} + 6 = \text{Car} \text{ (11)} \\ \text{Train} \text{ (5)} + \text{Train} \text{ (5)} = 10 \\ \text{Car} \text{ (11)} + \text{Train} \text{ (5)} = 16 \end{array}$$

$$\text{Car} = 11$$

$$\text{Train} = 5$$

$$\begin{array}{r} \text{Umbrella} \text{ (4)} + \text{Umbrella} \text{ (4)} = 8 \\ \text{Group of people} \text{ (15)} + 1 = 16 \\ 19 = \text{Umbrella} \text{ (4)} + \text{Group of people} \text{ (15)} \end{array}$$

$$\text{Umbrella} = 4$$

$$\text{Group of people} = 15$$
