

Fun With Math

Complete by finding the value of each symbol

$$\text{Cookie} + \text{Burger} = \text{Cake} \quad \square \quad \square$$

$$\text{Cake} = \text{Tomato} - 5 \quad \square \quad \square$$

$$2 = \text{Cupcake} - \text{Cake} \quad \square \quad \square$$

$$\text{Cupcake} = 6 + 4 + 1$$

$$\text{Tomato} = \text{Burger} + \text{Burger} \quad \square \quad \square$$

$$\text{Cookie} + \text{Burger} + \text{Cake} = ?$$

$\text{Cake} = \underline{\hspace{2cm}}$

$\text{Cupcake} = \underline{\hspace{2cm}}$

$\text{Tomato} = \underline{\hspace{2cm}}$

$\text{Burger} = \underline{\hspace{2cm}}$

$\text{Cookie} = \underline{\hspace{2cm}}$

Answer Key

Complete by finding the value of each symbol

$$\text{Cookie} + \text{Burger} = \text{Cake}$$

$$\text{Cake} = \text{Tomato} - 5$$

$$2 = \text{Basket} - \text{Cake}$$

$$\text{Basket} = 6 + 4 + 1$$

$$\text{Tomato} = \text{Burger} + \text{Burger}$$

$$\text{Cookie} + \text{Burger} + \text{Cake} = 18$$

$$\text{Cake} = 9$$

$$\text{Basket} = 11$$

$$\text{Tomato} = 14$$

$$\text{Burger} = 7$$

$$\text{Cookie} = 2$$
