

# Fun With Math

Complete by finding the value of each symbol

$$\text{Helm} + \text{Motorcycle} = \text{Fuel} \quad \square \quad \square$$

$$\text{Car} + \text{Car} = \text{Fuel} \quad \square \quad \square$$

$$\text{Helm} - \text{Car} = \text{Fuel} - \text{?}$$

$$\text{Helm} + \text{Helm} + \text{Motorcycle} = 19$$

$$\text{Motorcycle} + \text{Motorcycle} = 2 \quad \square \quad \square$$

$\text{Motorcycle} = \underline{\hspace{2cm}}$

$\text{Car} = \underline{\hspace{2cm}}$

$\text{Helm} = \underline{\hspace{2cm}}$

$\text{Fuel} = \underline{\hspace{2cm}}$

# Answer Key

Complete by finding the value of each symbol

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{9} & + & \text{1} & = & \text{10} & \square \\ \hline \text{Car} & & \text{Motorcycle} & & \text{Gas Pump} & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{5} & + & \text{5} & = & \text{10} & \square \\ \hline \text{Car} & & \text{Car} & & \text{Gas Pump} & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{9} & - & \text{5} & = & \text{10} & - \text{6} \\ \hline \text{Car} & & \text{Car} & & \text{Gas Pump} & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{9} & + & \text{9} & + & \text{1} & = \text{19} \\ \hline \text{Car} & & \text{Car} & & \text{Motorcycle} & \\ \hline \end{array}$$

$$\begin{array}{|c|c|c|c|c|c|} \hline \text{1} & + & \text{1} & = & \text{2} & \square \\ \hline \text{Motorcycle} & & \text{Motorcycle} & & & \\ \hline \end{array}$$

$\text{Motorcycle} = \underline{1}$

$\text{Car} = \underline{5}$

$\text{Car} = \underline{9}$

$\text{Gas Pump} = \underline{10}$
